

Health and Safety Advisory: Sissco LLC (DBA Trenchtown)

January 5, 2023 - The Colorado Department of Revenue (DOR), in conjunction with the Colorado Department of Public Health and Environment (CDPHE), is issuing a health and safety advisory due to the identification of potentially unsafe levels of Microbial contamination on Medical and Retail Marijuana flower (bud/shake/trim) produced by **SISSCO LLC (doing business as Trenchtown)**. The CDPHE and DOR deem it a threat to public health and safety when marijuana is found to have Microbial levels above the acceptable limits established in [Colorado Marijuana Rule 4-115](#).

The DOR has also identified Harvest Batches of Medical Marijuana and Retail Marijuana produced by SISSCO LLC that were not submitted for testing in accordance with MED Rule series 4-100. These potentially contaminated Harvest Batches are listed below. The Harvest Batches included on the potentially contaminated list were produced between August 1, 2021, and December 5, 2022, when other Harvest Batches or packages derived from the Harvest Packages produced during that date range were confirmed to have failed contaminant testing. These batches have been sold by Medical and Retail Marijuana Stores statewide.

Consumers who have these affected products in their possession should destroy them or return them to the store from which they were purchased for proper disposal. Consumers who experience adverse health effects from consuming the product should seek medical attention immediately and report the event to the Marijuana Enforcement Division via the [MED Reporting Form](#).

All affected marijuana has a label affixed to the container that, at a minimum, indicates the license number of the Regulated Marijuana Business that cultivated the marijuana as well as the Harvest Batch number assigned to the marijuana. Consumers should check the label of their Regulated Marijuana flower (bud/shake/trim) for the following license number(s) and Harvest Batch numbers.
