

Health and Safety Advisory: Tree Farmers LLC

December 8, 2021 - The Colorado Department of Revenue (DOR), in conjunction with the Colorado Department of Public Health and Environment (CDPHE), is issuing a health and safety advisory due to the identification of potentially unsafe levels of the pesticide Imidacloprid on Retail Marijuana flower (bud/shake/trim) produced by **Tree Farmers LLC**. The CDPHE and DOR deem it a threat to public health and safety when marijuana is found to have levels of the pesticide Imidacloprid above the acceptable limits established in [Colorado Marijuana Rule 4-115](#).

Consumers who have affected marijuana in their possession should return it to the Retail Marijuana Store where it was purchased for proper disposal. Consumers who experience adverse health effects from consuming the product should seek medical attention immediately and report the event to the store from which they purchased the product.

Based on inventory tracking system data, Retail Marijuana flower (bud/shake/trim) derived from these Harvest Batches was sold between February 3, 2021 and November 23, 2021. Additionally, Retail Marijuana Concentrates and Marijuana Products were created using source marijuana from these Harvest Batches. Based on inventory tracking system data, Production Batches of Retail Marijuana Concentrates and Marijuana Products were created from source marijuana from these Harvest Batches and sold between March 5, 2021 and November 23, 2021.

All affected marijuana should have a label affixed to the container that, at a minimum, indicates the license number of the Retail Marijuana Business that cultivated the marijuana. Consumers should check the label of their Retail Marijuana flower/shake/trim for the following license number and Harvest Batch numbers listed below. If the marijuana is a Retail Marijuana Concentrate or Marijuana Product (Edible or Infused Non-Edible) the label should indicate a Production Batch as well as the license number of the Retail Cultivation license. Consumers should check the label of their Retail Marijuana Concentrate or Marijuana Product (Edible or Infused Non-Edible) for the Production Batches listed below.
