HB21-1301 Tax & Wholesale Cultivation Work Group Announcement

To All Interested Parties:

The Colorado Department of Revenue’s Marijuana Enforcement and Tax Divisions (Divisions) are facilitating the below stakeholder work group as part of the Department’s implementation of [HB21-1301 - Cannabis Outdoor Cultivation Measures](#). Specifically, HB21-1301 requires the State Licensing Authority, in collaboration with the Governor’s special advisor for cannabis and legal counsel, to convene a work group on or before **November 1, 2021**, to examine existing rules and tax laws that apply to the state’s wholesale marijuana cultivation market. Please note that the Divisions may amend the composition of a work group based on the subject matter of each meeting and the ability to accommodate alternative or additional participants. Further, in order to support all aspects of the implementation process, the Divisions may announce additional work group meetings or break-out sessions with additional stakeholders.

Meeting Preparation

Work group panel members should be prepared to actively participate in the discussion, present data and other relevant materials, and draft proposed rules. Leading up to each scheduled work group meeting, the Divisions will provide written materials for work group members and other interested parties to review and prepare for the meeting, including potential questions for discussion/input, and subject matter outlines.

The Divisions extend their appreciation to all stakeholders willing to contribute their time and subject matter expertise to the Department of Revenue’s legislation implementation process and encourage all interested parties to attend work group meetings. **Work group meetings are open to the public and all interested parties can take an active role in the process by attending work group meetings, offering oral comment during the public comment portion of the meetings, and by [submitting written comments](#).**
