

Agenda for Legislative Implementation Rule Revisions – July 15, 2022

On July 1, 2022, the Colorado Department of Revenue's Marijuana Enforcement (Division/MED) announced it had determined not to designate work group panels for the following stakeholder meetings:

July 15, 2022 – Legislative Implementation Rule Revisions

July 27, 2022 – Catch-all Rule Revisions

August 12, 2022 – Science & Policy Rule Revisions

In anticipation of next week's Legislative Implementation Rule Revisions, the Division has provided an agenda (below) and [redlines](#) to encourage interested stakeholders to plan their participation ahead of time. Leading up to each scheduled stakeholder meeting, the Division encourages interested stakeholders to review the agenda, the proposed rule revisions, and any other relevant materials, and to submit any written comments that may assist the Division in addressing stakeholder concerns with the stakeholders. All rulemaking materials can always be found on the [2022 Rulemaking Webpage](#).

Because the Division has determined not to designate work group panels, the stakeholder meetings listed above will provide opportunities for broad input by all attendees. Interested attendees can sign up during the meeting to comment on subjects identified to be discussed in each meeting.
