

Health and Safety Advisory: Luminescence Labs Inc.

January 31, 2025 - The Colorado Department of Revenue (DOR), in conjunction with the Colorado Department of Public Health and Environment (CDPHE), is issuing a health and safety advisory due to the identification of contaminated and potentially contaminated Regulated Marijuana Concentrates produced specifically for Levels IV Inc by **Luminescence Labs Inc., doing business as Denver Dab Company.**

The CDPHE and DOR deem it a threat to public health and safety when marijuana is found to contain Pesticides above the acceptable limits established in [Colorado Marijuana Rule 4-215](#). This advisory includes Production Batches tested and found to have exceeded acceptable limits for Pesticides, as well as Batches manufactured using the same inputs as the contaminated batches. Those batches are identified below as potentially contaminated.

The affected product is listed below (by license number and Production Batch) and was sold between **November 15, 2024 and December 4, 2024**. The locations that sold the affected product are also included below.

Consumers who have this affected marijuana in their possession should destroy it or return it to the Regulated Marijuana Store from which it was purchased for proper disposal. Consumers who experience adverse health effects from consuming the Regulated Marijuana Concentrate should seek medical attention immediately and report the event to the Marijuana Enforcement Division by submitting a [MED Reporting Form](#).

All Regulated Marijuana must have a label affixed to the container that, at a minimum, indicates the license number of the Regulated Marijuana Business that manufactured the Regulated Marijuana Concentrate and the Production Batch number assigned. **Individuals should check the label of their concentrate for the following license numbers and Production Batch numbers.**
